Invite you to a
Ground Breaking Ceremony
For
Innovative Rotational Moldings, Inc.

Thursday, August 7, 2008
10:00 A.M.

Located at 2300 W. Pecan, Madera CA 93638
(Cross Street is South Granada)

The Madera County Economic Development Commission is proud to announce the ground breaking of Innovative Rotational Moldings, Inc. at Mission Bell Business Park. Basila Construction Inc. is the developer/contractor on this new project. Innovative Rotational Moldings, Inc. is a start-up company owned by Dan Humphries. The manufacturing facility will be 31,500 square feet with an attached office of 2,080 square feet. The company will be manufacturing plastic rotational moldings and will produce primarily tanks that are used for agriculture water and chemical storage. They will also manufacture custom designed products. The company will create 15-20 new jobs at start up and anticipates increasing to 75 employees once they are operating at full capacity.

Please RSVP to Julie Herd at jherd@maderacountyedc.com or call 559-675-7768
